

Galvanizing Tank

Frontier Galvanising tanks are a ONE PIECE MOULDED container with smooth internal walls. These plastic galvanizing tanks are CHEMICAL RESISTANT, LIGHT WEIGHT & MAINTENANCE FREE. Also available in UV stable grade of Polyethylene (PE) for outdoor use applications.

We provide our tanks in several polymers like C6 Hexane PE, HDPE, Cross Linked and even PP. We provide our Polypropylene (PP) containers without any welding in One Piece Moulding. So you never have to worry about leaks. Available in different shapes and sizes of circular or rectangular, these tanks can also be welded to make them longer for the desired application.

Available in various sizes

Key Features

- ! Various Specifications and customised options
- ! Options for many weights
- ! Options of higher wall thickness
- ! Also available with UV Stability
- ! 100% leak proof
- ! Options for superior welding
- ! Maintenance free
- ! Cost effective
- ! Moulded in 100% virgin grade
- ! Proven strength in the industry
