

Industrial Bucket

Frontier Industrial Buckets are available in TWO sizes of 12 and 20 litres capacity. These unbreakable plastic buckets are ideal to handle expensive dyes, chemicals, powders, pastes etc in the industry. With a tough built construction and sprout provision, these chemical buckets are easy to pour your liquid into larger containers. Also there is option to provide these industrial buckets in PE, PP and crosslink polymer. These buckets are extremely tough and durable and can withstand constant abuse of impact.

Key Features

- Buckets with handle & built in sprout are ideal for storage
- These heavy duty buckets handling and mixing of chemicals ,dyes, powders, pastes, colours etc.

Model	Capacity (Ltr)	Diameter (mm)	Height (mm)
FIB-12	12	305	310
